Please describe the problems that have been noted:

[Large empty text box for describing problems]

REPAIR ESTIMATE POLICY:

There is a labor charge for a basic inspection. If upon initial inspection, an excessive amount of damage is recognized, you will be informed immediately and additional estimate charges may be quoted. Our repair services are \$75.00/hr and we bill in 1/2 hour increments after the first hour plus parts and return shipping. My signature below acknowledges the above policy and authorizes Instrument Meter Specialties to provide an estimate. If payment is not made within 90 calendar days of inspection for the meter/unit sent in for inspection, Instrument Meter Specialties may consider it abandoned.
